Customer Journey Map

The Customer Journey Map illustrates the complete experience of a loan applicant using the Smart Lender system. It highlights the user's actions, thoughts, feelings, and interactions during the loan prediction process.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Open the application. • Enter loan details. • Click Predict.	• System analyzes data. • Model processes input. • Prediction is generated.	• View the result. • Check loan status. • Plan the next step.
Touchpoint <i>What part of the service do they interact with?</i>	• Home page. • Input form. • Predict button.	• Flask application. • ML model. • Processing system.	• Result page. • Prediction message. • User interface.
Customer Thought <i>What is the customer thinking?</i>	• "Will my loan be approved?" • "Is my data correct?" • "This seems easy."	• "The system is checking." • "Hope it's accurate." • "It's fast."	• "Now I know the result." • "This is helpful." • "I can proceed."

Customer Feeling <i>What is the customer feeling?</i>	• Curious. • Hopeful. • Nervous.	• Patient. • Optimistic. • Expectant.	• Happy (Approved). • Informed (Rejected). • Confident.
---	--	---	---

Process Ownership <i>Who is in the lead on this?</i>	• Customer	• Smart Lender System	• Customer & System
Opportunities <i>How can we improve this stage?</i>	• Better guidance. • Input validation. • Easy navigation.	• Improve accuracy. • Faster prediction. • Better performance.	• Explain results. • Give suggestions. • Improve UI.
