

## Team Involvement in Demonstration

|                      |                                                |
|----------------------|------------------------------------------------|
| <b>Date</b>          | 29 June 2026                                   |
| <b>Team ID</b>       |                                                |
| <b>Project Name</b>  | Smart Lender – Loan Approval Prediction System |
| <b>Maximum Marks</b> | 1 Mark                                         |

### Team Involvement in Demonstration:

| S.No | Team Name                 | Member | Role in Demo          | Section Presented          | Contribution Summary                                                                                     | Participation (Active / Passive) |
|------|---------------------------|--------|-----------------------|----------------------------|----------------------------------------------------------------------------------------------------------|----------------------------------|
| 1    | Cheedarla Sri Varshini    |        | Presenter & Developer | Project Introduction       | Introduced the project objective, problem statement, and project overview.                               | Active                           |
| 2    | Ragutu Navya Venkata Teja |        | ML Developer          | Machine Learning Workflow  | Explained data preprocessing, model training, model comparison, and Random Forest model selection.       | Active                           |
| 3    | Ragutu Navya Venkata Teja |        | Application Developer | Flask Web Application      | Demonstrated the Flask application, HTML interface, and real-time loan prediction.                       | Active                           |
| 4    | Ragutu Navya Venkata Teja |        | Deployment Engineer   | GitHub & Render Deployment | Presented the GitHub repository, project structure, and live deployment on Render.                       | Active                           |
| 5    | Ravula Varshini           |        | Tester                | Application Testing        | Demonstrated prediction results using different applicant inputs and verified application functionality. | Active                           |

|   |                                   |           |                              |                                                                                            |        |
|---|-----------------------------------|-----------|------------------------------|--------------------------------------------------------------------------------------------|--------|
| 6 | Naga Veera Bhadra<br>Kumar Akkala | Presenter | Conclusion & Future<br>Scope | Summarized the<br>project, discussed<br>future enhancements,<br>and answered<br>questions. | Active |
|---|-----------------------------------|-----------|------------------------------|--------------------------------------------------------------------------------------------|--------|

#### Team Coordination Notes:

| Aspect                                    | Details                                                                 |
|-------------------------------------------|-------------------------------------------------------------------------|
| Team Leader / Coordinator                 | Ragutu Navya Venkata Teja                                               |
| Overall Team Coordination<br>Rating (1-5) | 5 / 5                                                                   |
| Any issues during demo                    | Minor internet delay while accessing the deployed application.          |
| How issues were resolved                  | Refreshed the application and continued the demonstration successfully. |
